

CLA Brand & Design Language OS v1

Master Working Draft

Cumulative document containing every approved section. Approved sections remain frozen unless the project owner requests changes.

Section 1 — Brand Personality (APPROVED)

Elegant • Minimal • Vibrant.

Section 2 — Visual Direction (APPROVED)

Apple-level product quality combined with a modern premium church aesthetic.

Section 3 — Official Color System (APPROVED)

Royal Blue primary. Dark Navy foundation. White + Warm Off-White/Ivory backgrounds. Gold secondary accent. Orange supporting accent. Elegant gradients allowed. Ministries may use unique accents while remaining unmistakably CLA.

Section 4 — Typography (APPROVED)

Apple-inspired modern + elegant editorial typography. Two font families by default. Bold headings. Neutral readable body text. Strong hierarchy. Mixed alignment. Rounded buttons. Generous white space. Moderate motion. Mostly solid typography colors.

Section 5 — Photography (APPROVED)

Authentic real moments. Never staged. Story-driven tone. Balanced layouts. Preserve natural orientation. One strong image per section. Minimal effects. Signature hero image on every major page.

Section 6 — Layout & White Space (APPROVED)

Balanced layout. Medium content width. Balanced spacing. Apple-inspired rounded corners. Cards are core components. Whitespace separates sections. Premium card forms. Desktop primarily two-column. Mobile single-column by default.

Section 7 — Cards (APPROVED)

Premium, elegant, minimal. Mixed backgrounds. Subtle shadows. Thin borders. Shared radius. Glass only for premium moments. One purpose per card. Interactive. One CTA. Equal heights. Elegant non-emoji icons.

Section 8 — Radius & Shadows (APPROVED)

Radius system: 12px / 20px / 28px. One subtle neutral shadow. Hover elevation. Colored shadows only for premium moments. Shared system across all UI including hero. Royal Blue focus outline plus subtle shadow.

Section 9 — Motion & Animations (APPROVED)

Smooth, elegant, premium motion. Slide+fade page transitions. Subtle hover effects. Fade-in scroll reveals. Animated buttons. Skeleton loaders. Very subtle animated backgrounds. Gentle image zoom. Fade+slide navigation. Respect Reduce Motion. One shared motion language. Videos never autoplay.
