

CLA Brand & Design Language OS v1

Working Draft

Approved sections are frozen unless the project owner requests changes.

Section 1 — Brand Personality (APPROVED)

Elegant • Minimal • Vibrant

Section 2 — Visual Direction (APPROVED)

Apple-level product quality combined with a modern premium church aesthetic.

Section 3 — Official Color System (APPROVED)

Primary: Royal Blue

Dark Foundation: Dark Navy

Backgrounds: White + Warm Off-White / Ivory

Gold: Secondary accent used sparingly.

Orange: Supporting accent used globally and more prominently for Kids, Events, and Seasonal pages.

Gradients may be used when elegant and purposeful.

Each ministry may have its own accent color while remaining unmistakably CLA.

Section 4 — Typography (APPROVED)

Apple-inspired modern + elegant editorial typography.

Two font families by default; third only for special campaigns.

Bold, commanding headings.

Neutral, highly readable body text.

Very strong hierarchy.

Mixed alignment.

Apple-style rounded buttons.

Generous white space.

Moderate motion.

Mostly solid typography colors.

Section 5 — Photography (APPROVED)

Authentic real moments. Never staged or stock-like.

Tone matches the story.

Balanced immersive and contained layouts.

Balanced portraits and environmental storytelling.

Preserve natural orientation. Never force portrait images into landscape crops.

Balanced natural/cinematic editing.

One strong image per section by default.

Minimal decorative effects.

Editorial overlap only when it improves composition.

One consistent CLA photography style with limited page-specific adaptation.

Every major page begins with a signature hero photograph.

Section 6 — Layout & White Space (APPROVED)

Overall layout: Balanced.

Content width: Medium.

Section spacing: Balanced and consistent.

Large Apple-inspired rounded corners.

Balanced mix of symmetrical and asymmetrical layouts.

Cards are a core CLA component.

Sections separated with whitespace.

Signature sections may intentionally break the grid.

Forms use premium cards.

Desktop: Primarily two-column with intentional one- and three-column layouts.

Mobile: Single-column by default; two-column only when readability remains excellent.

White space is a design element that creates elegance, focus, rhythm, and hierarchy.
