

CLA City — Project Principles v1

Companion to Project OS v1

Purpose

This document defines the philosophy, identity, and guiding principles of the CLA City website. The website is the digital front door to the local church. Every design decision, sentence, image, and interaction should reflect the mission of CLA Church and ultimately point people toward Jesus Christ. If visual design ever conflicts with biblical truth, biblical truth always wins.

Principle 1

This is Christ's website. The website exists to glorify Jesus Christ before it promotes the church.

Principle 2

Scripture is the highest authority. The Bible is the final authority for everything the church teaches.

Principle 3

God changes people. The church teaches, prays, and serves; the Holy Spirit transforms lives.

Principle 4

Prayer comes before solutions. The church points people toward Jesus rather than promising easy answers.

Principle 5

Every visitor matters. Visitors should feel welcomed before they ever walk through the church doors.

Principle 6

Community leads to discipleship. Encourage visitors to move from Visitor → Community → Service → Discipleship.

Principle 7

Equip believers. Encourage people to discover and use their God-given gifts.

Principle 8

Truth before marketing. Never invent statistics, testimonials, stories, or unverified information.

Principle 9

Serve the Russian-speaking community while remaining welcoming to everyone seeking Christ.

Principle 10

Simplicity reflects confidence. Every section should have a purpose.

Website Mission

To create a digital front door that faithfully represents CLA Church, glorifies Jesus Christ, communicates biblical truth with humility, welcomes every visitor with genuine hospitality, and helps people take their next step toward Christ and Christian community.

Decision Filter

Before every change ask: (1) Does this glorify Christ? (2) Is it biblically faithful? (3) Is every statement true and verified? (4) Does this help a first-time visitor? (5) Does this reflect the real CLA Church? (6) Would Pastor Leonid and Pastor Marina recognize this as their church? (7) Would we still be proud of this page in ten years?
