

CLA Page Blueprint OS v1

Section 2 — Visit Page Blueprint

STATUS: APPROVED

Purpose

The Visit Page helps first-time visitors understand what to expect before attending CLA.

Its purpose is to remove uncertainty, answer common questions, and create confidence for someone visiting the church for the first time.

Primary Visitors

The Visit Page serves:

- * First-time guests
- * Families planning a visit
- * People searching for a church
- * New residents in Los Angeles
- * People unfamiliar with CLA

Page Experience Goal

Within a few moments, visitors should understand:

- * Where CLA is located.
- * When services happen.
- * What language the service is in.
- * What to expect when arriving.
- * How to prepare for their first visit.

Page Structure

The Visit Page follows this hierarchy:

1. Hero Section
2. Welcome Introduction
3. Service Information
4. What To Expect
5. Location & Directions
6. Frequently Asked Questions
7. Final Visit CTA
8. Footer

Section 1 — Hero

Component Used:

Hero System

Purpose:

Create a welcoming first impression for new visitors.

Contains:

- * Authentic church photography
- * Page title
- * Short welcoming message
- * Primary CTA

Primary CTA examples:

- * Join Us This Sunday
- * Get Directions

Hero requirements:

- * Warm and authentic
- * Clear information
- * Strong mobile experience

Section 2 — Welcome Introduction

Components Used:

- * Header System
- * Feature Section System

Purpose:

Introduce visitors to CLA.

Content:

- * Short church introduction
- * Community identity
- * What makes CLA unique

Avoid:

- * Long explanations

* Internal church language visitors may not understand

Section 3 — Service Information

Components Used:

- * Card System
- * Map Component System

Purpose:

Provide essential visit details.

Content:

- * Service day
- * Service time
- * Address
- * Location information
- * Parking details (when available)

Information must remain accurate and verified.

Section 4 — What To Expect

Components Used:

- * Feature Section System
- * Card System

Purpose:

Reduce visitor uncertainty.

Content may include:

- * Arrival experience
- * Worship experience
- * Message experience
- * Community experience
- * Children information

The tone should be welcoming and reassuring.

Section 5 — Location & Directions

Components Used:

- * Map Component System
- * CTA System

Purpose:

Help visitors arrive confidently.

Content:

- * Address
- * Map
- * Directions button
- * Parking information

Section 6 — Frequently Asked Questions

Components Used:

- * FAQ Component (future approved component if created)

Possible questions:

- * What time should I arrive?
- * Where do I park?
- * What language is the service?
- * Are children welcome?
- * What should I wear?

Answers should remain simple and visitor-focused.

Section 7 — Final CTA

Component Used:

CTA System

Purpose:

Invite visitors to take the next step.

Examples:

- * Join Us This Sunday
- * Contact Us
- * Plan Your Visit

Photography Requirements

Visit page photography should show:

- * Welcome moments
- * People connecting
- * Worship
- * Community
- * Church environment

Avoid:

- * Stock photography
 - * Generic buildings without people
 - * Artificial staging
-

Mobile Requirements

Mobile experience must:

- * Prioritize service information.
 - * Make directions easy to access.
 - * Use clear buttons.
 - * Maintain fast loading.
 - * Keep content easy to scan.
-

SEO Requirements

The Visit Page should include:

- * Church location
 - * Service information
 - * Visitor-focused keywords
 - * Structured location data
 - * Optimized metadata
-

Future Expansion

Future versions may include:

- * Visitor planning tools
 - * Digital connection cards
 - * Personalized first-visit journeys
 - * Automated follow-up systems
-

Guiding Principle

The Visit Page should make someone feel welcomed before they ever walk through the doors of CLA.
