

CLA Page Blueprint OS v1

Section 9 — Media Page Blueprint

STATUS: APPROVED

Purpose

The Media Page introduces visitors to CLA's digital content, including sermons, worship moments, videos, and other media resources.

Its purpose is to allow visitors to experience the message, teaching, and life of CLA beyond the physical church gathering.

Primary Visitors

The Media Page serves:

- * First-time visitors exploring CLA
- * Members looking for sermons
- * People unable to attend in person
- * Visitors seeking biblical teaching
- * People discovering CLA online

Page Experience Goal

Visitors should understand:

- * What media content CLA offers.
- * How to watch or listen.
- * How to discover past messages.
- * How to continue engaging with CLA.

Page Structure

The Media Page follows this hierarchy:

1. Hero Section
2. Media Introduction
3. Featured Sermon
4. Sermon Library
5. Video Gallery
6. Worship & Special Media
7. Resources Preview
8. Final CTA

9. Footer

Section 1 — Hero

Component Used:

Hero System

Purpose:

Create an introduction to CLA's media experience.

Contains:

- * Authentic worship or teaching photography
- * Page title
- * Short introduction
- * Primary CTA

Possible CTA:

- * Watch Sermons
- * Explore Media

Hero requirements:

- * Premium visual experience
 - * Clear message
 - * Mobile optimized
-

Section 2 — Media Introduction

Components Used:

- * Header System
- * Feature Section System

Purpose:

Explain why CLA shares media.

Content:

- * Teaching access
- * Encouragement
- * Spiritual growth
- * Community connection

The message should focus on helping people engage with God's Word.

Section 3 — Featured Sermon

Components Used:

- * Sermon Component System
- * Video Component System

Purpose:

Highlight the latest or most important message.

Contains:

- * Sermon thumbnail
- * Title
- * Speaker
- * Date
- * Watch button

The experience should make viewing simple.

Section 4 — Sermon Library

Components Used:

- * Sermon Components
- * Search Component
- * Pagination Component

Purpose:

Help visitors discover previous messages.

Possible filters:

- * Series
- * Speaker
- * Date
- * Topic
- * Scripture

The library should remain easy to browse.

Section 5 — Video Gallery

Components Used:

- * Gallery System
- * Video System

Purpose:

Show additional CLA media.

Content may include:

- * Events
- * Worship
- * Ministry highlights
- * Community moments

Section 6 — Worship & Special Media

Components Used:

- * Feature Section System
- * Video Components

Purpose:

Highlight special content.

Examples:

- * Worship recordings
- * Conferences
- * Special services
- * Ministry stories

Section 7 — Resources Preview

Components Used:

- * Card System
- * Feature Section System

Purpose:

Connect visitors with additional resources.

Possible resources:

- * Bible studies
- * Downloads
- * Teaching materials

Section 8 — Final CTA

Component Used:

CTA System

Purpose:

Guide visitors toward deeper connection.

Examples:

- * Visit CLA
- * Join a Service
- * Explore Ministries

Photography Requirements

Media photography should show:

- * Worship
- * Teaching
- * Community
- * Real ministry moments

Avoid:

- * Stock images
- * Generic media imagery

Mobile Requirements

Mobile experience must:

- * Prioritize video performance.
- * Make sermons easy to access.
- * Maintain fast loading.
- * Provide comfortable controls.

SEO Requirements

Media Page should include:

- * Sermon content

- * Video metadata
 - * Structured video data
 - * Search-friendly titles
 - * Optimized thumbnails
-

Future Expansion

Future versions may include:

- * Full sermon platform
 - * Podcast integration
 - * Personalized recommendations
 - * Member media library
 - * AI-powered content search
-

Guiding Principle

The Media Page should extend the ministry of CLA beyond Sunday gatherings by making biblical teaching, worship, and community moments accessible anytime and anywhere.
